Regulating the Future
David Haynes

iFutures 2013
University of Sheffield, 25th July 2013
Looking Ahead
A half-life of predictions?
My research

• Regulation of access to personal data on Social Networking Services (SNSs)

• Risk to users as a way of measuring regulatory effectiveness

• Future developments
Republic of the Internet

Conclusion

• Globalisation
• International enforcement
• Intelligent agents
• Self-regulation
• Market responses and feedback
• Politicians will continue to try and manage technology
