The authors regret a couple of mistakes made in the funding and data availability declarations.

For the funding declaration: we need to display the EU flag (emblem) with the statement “funded by the European Union”. Here is the link to the EU emblem with the statement: [https://ec.europa.eu/regional\\_policy/information-sources/logo-download-center\\_en](https://ec.europa.eu/regional_policy/information-sources/logo-download-center_en)

Since this paper is based on a literature review, no data was used. The articles included in the literature review are listed in a table in the article. Therefore, we would like to delete the statement “data will be provided upon request”.

The authors would like to apologise for any inconvenience caused.
